BRIDGE 30TH ANNIVERSARY WHAT WORKS IN WELLBEING

30th Anniversary
bridge[™]

Thursday 23 February 2017 // Devonport House, London SE10 9JW

Bridge supports people with mental health problems by providing a 'bridge' between hospitals and the community.

Since setting up in 1987, the charity has become a main provider of mental health services in South East London, helping over 1,000 people a year. Clients are referred to Bridge from low and medium-secure hospitals and community mental health teams. Bridge works in partnership with NHS trusts, local authorities, clinical commissioning groups and social enterprises to provide a unique range of services to people who need support. Confirmed speakers include:

- Dr Antonis Kousoulis, Assistant Director Development Programmes, Mental Health Foundation
- Dr Sarah Fléche, Research Economist, London School of Economics
- Emily Frith, Director of Mental Health, Education Policy Institute
- Peter Beard, BAFTA winning TV director, Bedlam & Kids on the Edge
